

CASCADE III (PHANTOM) DEPTH CHANGE

NEW DEPTH CHANGE

Cascade III (Phantom)

At Coast Spas, we listen to our dealers and as a result of direct feedback from you, we have made an important change in the specifications of the Cascade 3.

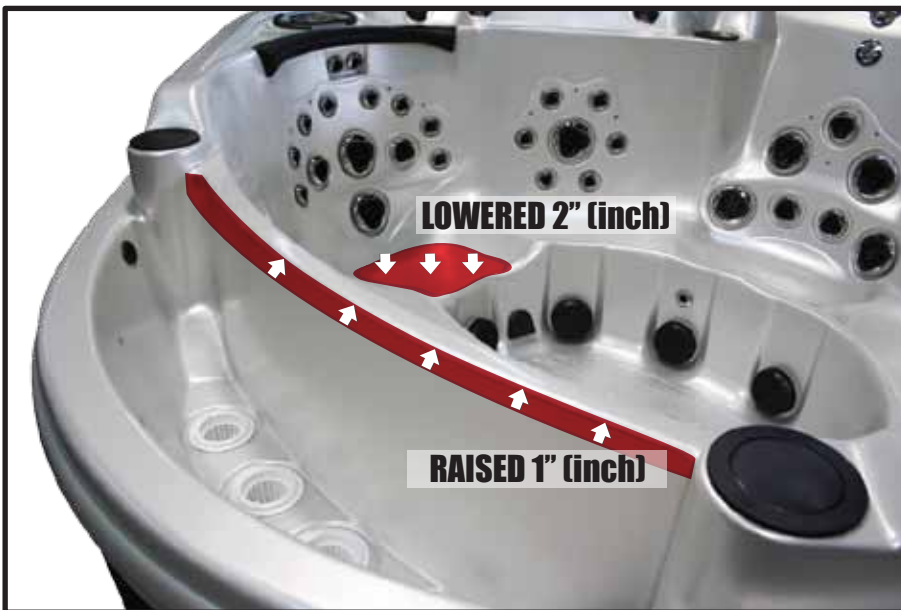

Referencing the picture below, please note that the entire spa has increased in depth by 1" by increasing the trough height. Also, the left corner bucket has been lowered by an additional 2".

These changes make the Phantom more accommodating for all body types. **Order the upgraded Phantom today!**

Thank you for the feedback and happy selling!
